Chim Hock took leading roles in several MNC and Public Listed Companies covering all aspects of operations including Engineering Design, Manufacturing, Business Development, QA, IT, HR, Logistics and Procurements. He has led the Lean Manufacturing initiatives in several organizations.

He was the winner of the SPMI President's Volunteer Award 2009 and SPMI President's Award 2010

Short description of how nominee intend to contribute to the chapter (max 500 words)

After serving the SPMI Board for 2 terms, and I am well verse with the operation of SPMI and have made many friends; local and overseas.

In this new term, I would like to extend the service for the followings:

1. Extending/Reviving the reach of Student Committee.
  - a. This will enhance adoption of Project Management principles when these students starting their working life
  - b. Further enhance the adoption and maturity of project management of local companies
2. Facilitate Members out-reach
  - a. How can we better support our members? Especially those with RMP credential.
  - b. Promoting research in Project Management, exploring and introducing new developments in this field
3. Promoting a harmonious and constructive team spirit among the board members. Supporting the President and Board's decisions by participating in constructive discussion and decision making.
