

Mr. C. Sean Lawrence is the Chief Information Officer for Dimension Data Asia-Pacific, based in Singapore. In this capacity Sean is responsible for aligning IT with business needs across the region, and for the development and maintenance of IT strategy, architecture, standards, policies, and procedures. He is also responsible for information security. Sean joined the company (then known as Datacraft Asia) in June 2006 as the Group Manager for IT Infrastructure, was promoted to Head of IT in July 2008, and then to his current position in January 2010.
